

Combined Non Surgical Facial
& Body Aesthetic System

Why you choose Oxygen Revive?

Oxygen Revive provides sufficient oxygen and nutrients to the skin, help promote collagen regeneration and repair damaged skin, help skin cells repair, purify blood and strengthen immunity. Strong oxidative disinfection can eliminate 99% of bacteria, inhibit microbial growth, and promote skin cells naturally regenerate, with a clear effect of wrinkle-reducing spots and improving bruising.

Benefits of pure oxygen

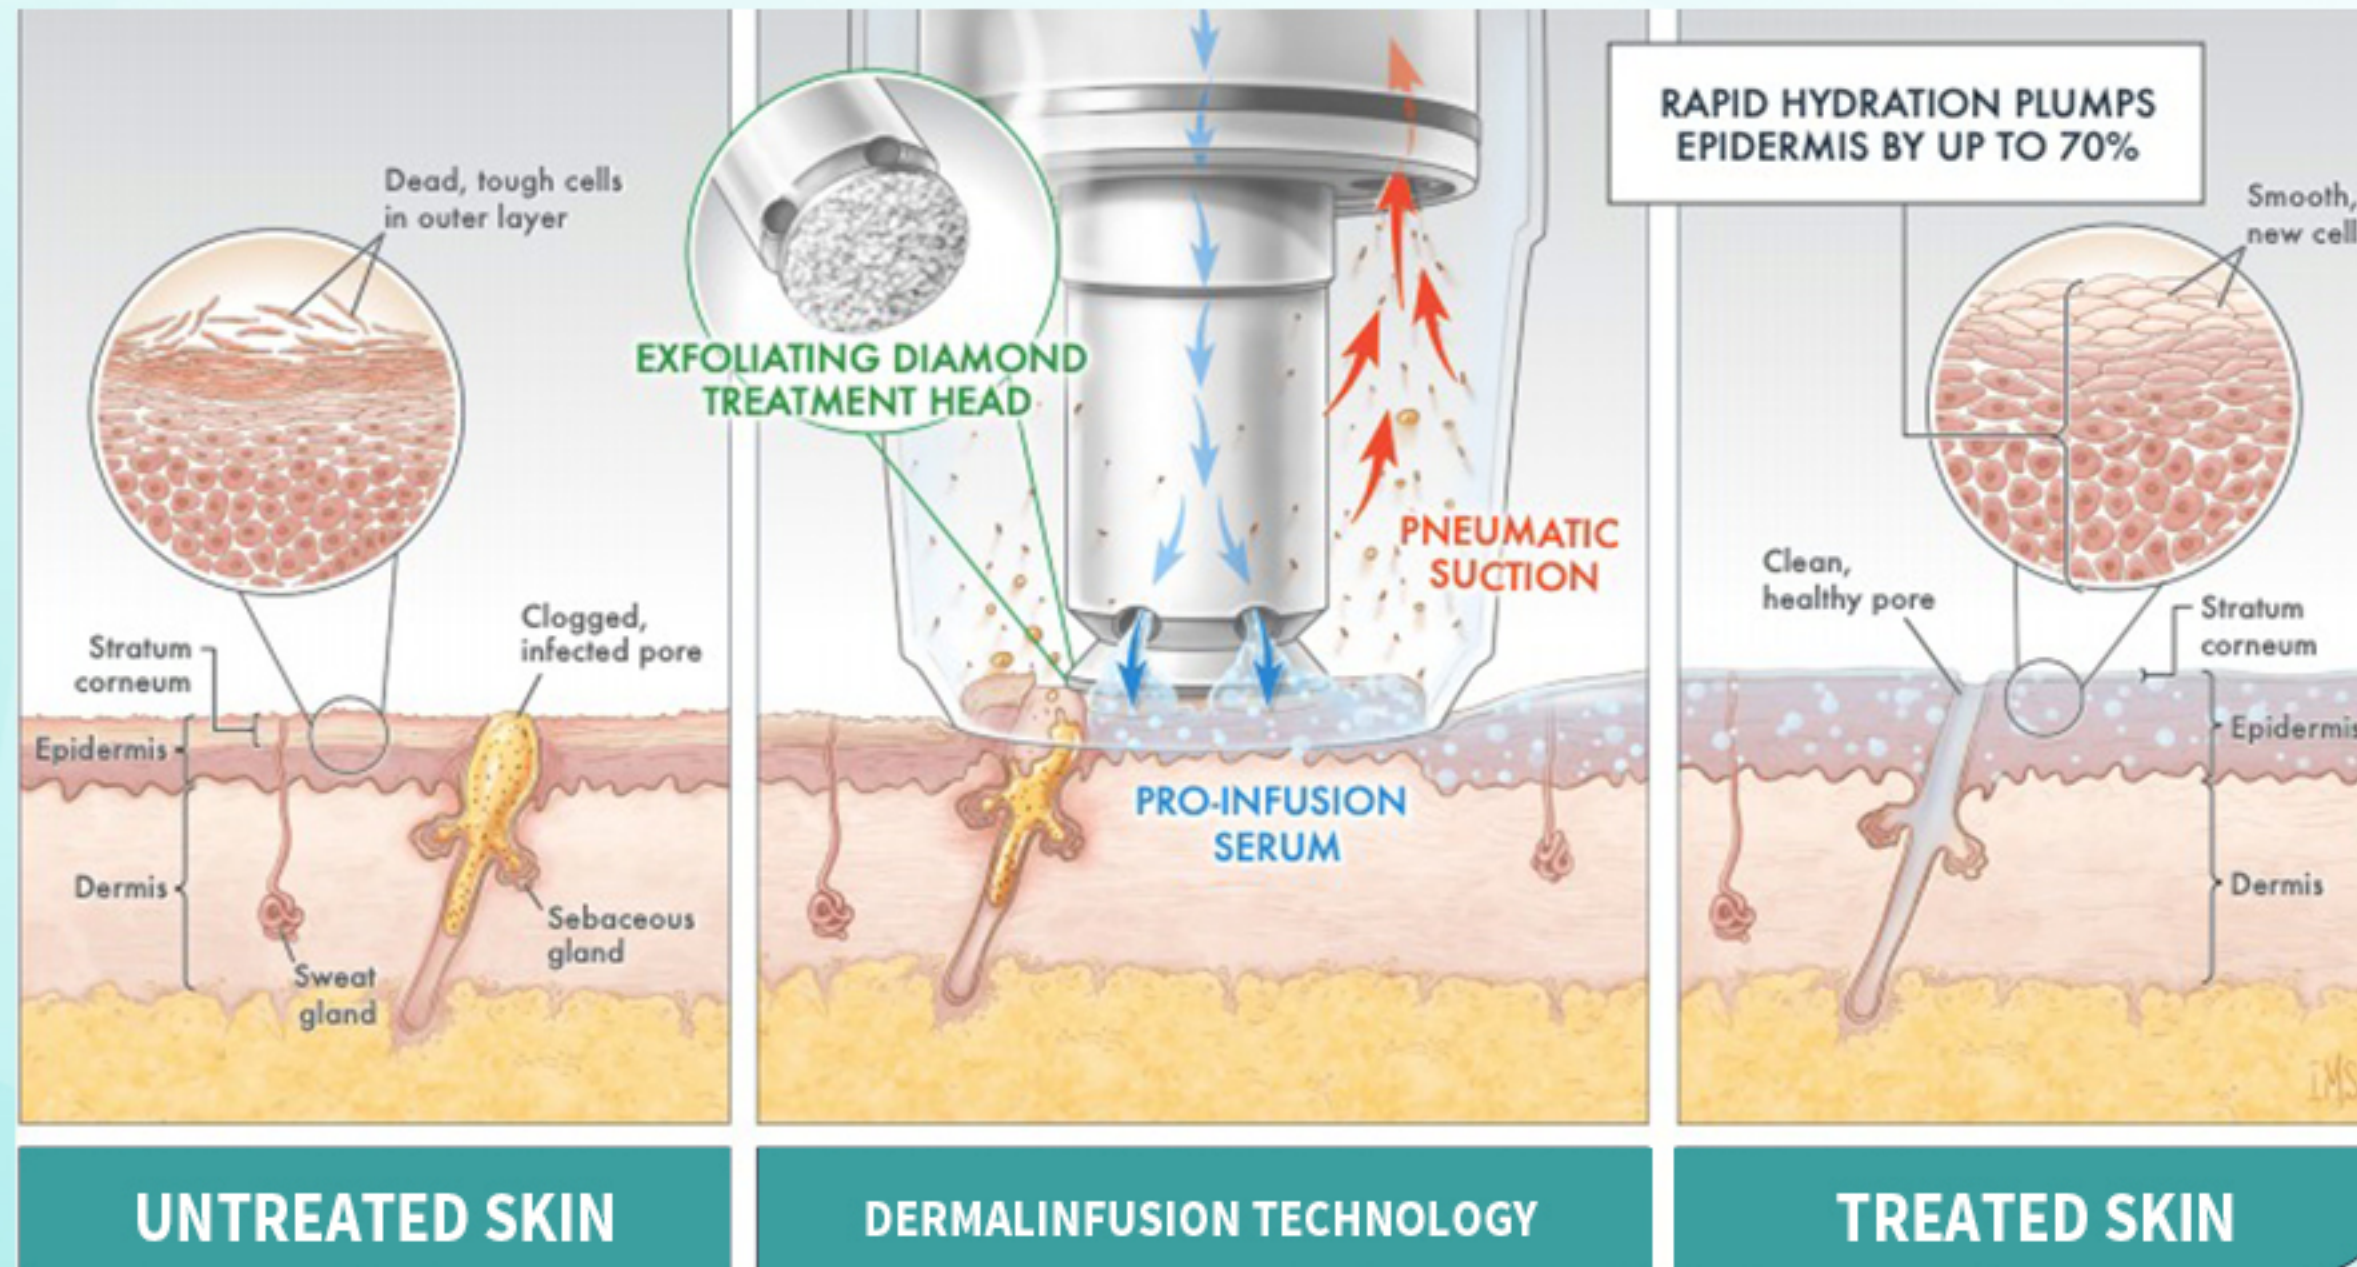

Oxygen Revive promotes oxygen features and beneficial qualities, directing its properties at treatments aimed at improving face and body beauty, hair beauty, mind and body relaxation.

- ▶ Anti-aging effect by pure oxygen
Prevent aging by removing free radicals which accelerate aging
- ▶ Soothing, reduce swelling
Decrease skin temperature and soothe sensitive skin by oxygen scaling
- ▶ Skin firming
Supply pure oxygen to firm and make skin clear

Why you choose Oxygen Revive?

- Oxygen Revive is a must have for every spa, wellness centers, resort and clinical centers.
- Not only it offers the state of art technology of pure oxygen treatment, which is the real goodness to the skin, it also starts your treatment from a deep skin cleansing, which can be bundled to all your facial treatments.

- Hydra dermabrasion is a newer technique of microdermabrasion for deep skin cleansing. It combines the power of water and oxygen to remove impurities from the pores. The procedure also maximizes blood flow to the skin and helps stimulate the production of collagen.

Benefits of deep skin cleansing

- ▶ Deeply hydrating skin
- ▶ Exfoliating dead skin cells to reveal smoother skin
- ▶ Improving dull complexions and clearing uneven skin tones
- ▶ Whitening and brightening skin
- ▶ Clearing clogged pores
- ▶ Reducing acne inflammations

Before & After

Specifications

Product name	Oxygen-Revive
Technology(handlepiece)	1)Hydra dermabrasion
	2)Water diamond dermabrasion
	3)oxygen spray mist gun
	4)First PDT LED handle
	5)Skin scrubber
	6)Bio microcurrent wand
	7)Reviving oxygen inhalation mask
	8)High frequency handle
	9)Ultrasonic facial handle
Max output	500VA
Vacuum pressure	1 bar Max
Oxygen flux	3L/min
Oxygen concentration	≥95%
Operation system	8" touch screen
Voltage	110-240VAC ,50/60Hz
External Dimensions	53*42*80cm ³
Volume weight	82kg
